## Purely Business!

The columns of a newspaper represent a cash value, just as a plow or a horse does. An advertisement "policies free" may mean nothing more than that a merchant can afford to give away his goods or services. A newspaper is a legitimate business, and its publications are its stock in trade. Advertisements should be paid for, no matter in what part of the paper they appear.

## Some More of Our Holiday Gift Bargains.

It is generally customary for Clothiers to advertise rates on Ulsters and Heavy-weight Overcoats when the weather is warm. That's the time people with not very plethoric pocketbooks do not want them. This is the sort of weather heavy garments are wanted, and several lots we closed out recently enable us to offer them at prices that would almost induce you to buy them in midsummer.

Today we put on sale 132 Black Frieze Ulsters,

cut fifty-four inches long, lined with heavy union cassimere, worth and sold every where for \$8.50; \$10; our price \$6.75.

Today we put on sale a new invoice of English Kersey Overcoats,

lined with triple warp farmer's satin, silk velvet collars, some of them cut in ulster lengths, others in the latest topcoat fashion—Coats that in our early purchase cost us \$8.50 to \$10, but in our recent closing out of big lots of Clothing enable us to sell them at \$7.75. There are a few of the Melton \$3 worth \$6 Overcoats left. If you find your size you will almost find an Overcoat.

Today we put on sale Lot No. 7284,

(remember the lot number and ask us to show it to you) 47 dark brown plaid, double-faced Suits, which are strictly all Wool, beautifully made and trimmed, all sizes, sold them early in season for \$12.50; our recent purchase lets us give them at \$7.65.

The 10 per cent. off on our very best \$3.50, \$4.00 and \$5.00 Shoes, all of them made for us by Smith & Stoughton, affords you the best Footwear in the country at very moderate cost.

WE'RE FOR AMERICA! WE'RE FOR AMERICANS!

'The best way to get rid of a bad law  
is to enforce it.'—General Grant

AN honest man was discovered in Cincinnati the other day, and it was such a remarkable circumstance that the newspapers printed his picture.

A HUNDRED dogs are training in Philadelphia for the Klondike region—but that isn't a patchin' to the number of dogs that are in training all over the country.

CONGRESSMAN PUGH has pronounced in favor of the annexation of Hawaii and the virtual repeal of the Civil Service Law, and it is safe to say that his declaration on these questions will have the hearty approval of the vast majority of his constituents.

THERE is a renewal of the agitation for building a new Statehouse at Frankfort. The present ramshackle is good enough for its uses; what Kentucky most needs is a Legislature. When she gets that, a decent Capitol Building and other blessings will follow.

DURING the senseless hullabaloo over the selection of a fair Kentuckian to christen the battle-ship Kentucky, if Governor BRADLEY had commissioned THE LEDGER to select a sponsor, it would have named the prettiest girl in all the state. Mayville could not only have furnished the fair lady, but she would have furnished a bottle of the finest whisky to boot.

THE Republican Committee of Adams county, O., is after the vote-buyers. One fellow has just been yanked up for giving another fellow \$1 to vote the Democratic ticket, and more arrests will be made. What a lot of fun would follow a movement of that sort in Mayville. It is said one "heeler" here bought votes for the Democratic ticket and paid for them with Republican money.

THE "Civil Service Reform League" of the United States will meet in Cincinnati this month. One of the leading spirits of this "reform" movement is CARL SCHURZ, a professional statesman, who was a rebel in Prussia, a refugee to Switzerland, came to the United States in 1852, and has been an office-holder of some sort or another almost continuously since he became naturalized. In 1857 he ran for Governor of Wisconsin; in 1860 he was made Minister to Spain; in 1862 he was Brigadier and Major General in the Army; in 1865 he was Special Commissioner to the South under President JOHNSON; in 1869 he was elected United States Senator from Missouri; in 1872 he presided over the Convention that nominated GREENEY; in 1876 he got back to the Republicans and was for HAYES, and in 1877 President HAYES made him Secretary of the Interior; in 1884 he turned his coat again and advocated the election of CLEVELAND—and then, having held all kinds of office under all kinds of political parties, he became a wild-eyed Civil Service Reformer, and has ever since been working to prevent others from getting office. Fellow-Americans, how do you like the picture of this gentleman from Prussia?

**THE Philadelphia Ledger** remarks that the decay of the Codden Club indicates that even in England Free-trade theories are waning under the influence of frozen facts.

It is said that Congressman BERRY of the Sixth, from the Ninth and FITZPATRICK of the Tenth District are in favor of damming the Big Sandy—and there are others who wish it dammed.

Mrs. V. D. Davis sells the same quality of goods just as cheap as others.

Buy a Watch from McCarter and be satisfied, both in price and quality.

Guaranteed tobacco habu's make week men strong, blood pure, \$6. All drugstore.

The English Sewing Cotton Company was organized in London in opposition to the Coates thread concern, with a capital of \$10,000.

Superintendent Davidson has sent out checks aggregating \$360,000 to County Superintendents, to be paid schoolteachers next Saturday. This will pay in full to date.

Hon. J. B. Wilholt of Grayson, who was the Republican Elector for this District, is an applicant for the Assistant United States District Attorneyship for Kentucky.

Mr. John Fowler, aged 23, and Mrs. Laura Vernon, aged 19, married in Boyd County. It is not stated whether this is the only second or whether it is the steenly venture for the bride.

The personal estate of the late Mrs. Sarah A. Burgess was appraised at \$1,000, had \$5,000 worth of Concord and Tollesboro Turnpike Company bonds which were reported worthless.

"Our mother in law arrived yesterday from Mobile," writes a Georgia contemporary, "where she has been having a tussle with the yellow fever. We knew she would get the best of it, as she does everything she tackles."

In the beginning, God created the heavens and the earth. Then he made the Editor, the liberal advertiser and the prompt paying subscriber, and it was good. The next day a blizzard set in and created a man who did not believe in advertising, and he rested. Then the Devil got into the book room, and he created a man who takes the Editor's paper for years and fails to pay for it. The Devil then took a rest, but the Editor hasn't rested since.

#### EDWARD SAYRE'S SO.

Concierge—An amateur physician, the most wonderful medical calendar, the most pleasant and refreshing to the taste, not gently ceasing on kidneys, liver and heart, creating no headache, fever, habitual constipation of C. C. C. today, 10, 25, 30 cents. Held a box of Dr. Warwick, Agent, 387 Vine Street, Cincinnati, O.

#### HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order.

#### WHAT TO DO.

There is comfort in knowledge so far as the Rev. Dr. Klimer of Swampscott, a noted kidney specialist, says. Every man with a reliving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of SWAMP Root is soon realized. It stands highest for its wonderful cures of the most distressing cases. If you need evidence you should have the best sold by any reliable dealer for only one dollar. You may have a sample bottle and pamphlet sent free by mail.

MENTION THE LEDGER and send your address to Dr. Klimer & Co., Boston, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

#### SWAMP ROOT—\$1.00.

The reader of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Cataract. Hall's Cataract Cure is the only one that can be used in the medical treatment. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the membranes of the system, hereby destroying the foundation of the disease, and giving the patient strength by building up its constitution and assisting nature in doing its work. The present treatment is the best. They say that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonial Address.
